Description

Korda left his home in the southernmost regions of the Soolaan Empire as a guard for the Emperor's Ambassador. When the Ambassador was assassinated the guard were to be slain for their failure but Korda escaped. Unfortunately for him it was winter and they had been travelling through the mountains. He had nearly frozen to death when a travelling tinker found him. He gave him shelter and nursed him back to health. For this Korda pledged his life to Lindo Tinsmith.

They now travel far and wide looking for wealth and friends. When Lindo saved his life he opened a new door in Korda's view of the world. He now sees the beauty in other races and seeks greater understanding.
